

2022-2023 Fact Book

Institutional Research

Western Illinois
University

Overview

Each year, WIU publishes its Fact Book, which summarizes an array of data from across the university. The WIU Office of Institutional Research and Planning (IRP) compiles this data. The WIU 2022-2023 Fact Book is the most current volume available. The Office of IRP hosts factbooks on its webpage going back to 2012. There are also other WIU factbooks on the WIU website going back at least two decades. You have to do specific searches for these older factbooks. For example, the WIU 2002 Factbook is located here: <https://www.wiu.edu/IRP/irppdfs/2002FactBook.pdf>. I have selected 12 tables from the most current factbook to shed some light on our current discussions related to COEHS planning. I list those tables below.
